CAREER HIGHLIGHTS

2021–2026

Imagine Learning

Project Manager

- Managed several parallel projects with overlapping deadlines including scoping, budgeting, and hiring and onboarding of over 30 concurrent contractors
- Maintained end-to-end schedules and reports to track the status of major projects, minor product updates, and customer-reported product errors
- Led cross-departmental meetings with key project stakeholders including creative teams, curriculum designers, and product and marketing teams
- Contributed to hands-on content ingestion in conjunction with the Digital Content Managers when deadlines were at risk
- Communicated across departments to identify underlying and emergent process and software needs and generate proposal documents accordingly
- Volunteered as the representative of the Digital Content Management department in the interdepartmental Accessibility Committee

2015–2020

StudySync

Digital Content Manager

- Managed teams of contractors for project builds, developed processes, and maintained project schedules and spreadsheets
- Spearheaded and coded several automation tools to promote consistent production, identify workflow deficiencies, and reduce costs
- Uploaded, edited, and tracked content source documents
